

Louisiana Department of Transportation and Development

**Request for Proposals for a
Cooperative Endeavor for Ferry Operations
Response to Proposer's Questions
October 22, 2012**

The responses to questions received from potential Proposers through October 21, 2012, are included below.

Section	Question	LA DOTD Response
N/A	I am curious whether there are minutes from the August 7th informational meeting and site visit? Let me know if there is a webpage with the minutes and updates regarding the RFP.	There were no formal minutes from the August 7, 2012, informational meeting and site visit. However, the agenda and Power Point presentation from the informational meeting are included with Addendum Number 1.
N/A	I also am curious of the timeline between when a private ferry operator is selected and when ferry operations will resume.	Please note that Section 5.3.3.6 of the Request for Proposals (RFP) requires that the Proposer present for evaluation its proposed Mobilization and Transition Plan for the Cooperative Endeavor Agreement (CEA).
