

US 51B Roundabout Usage 101

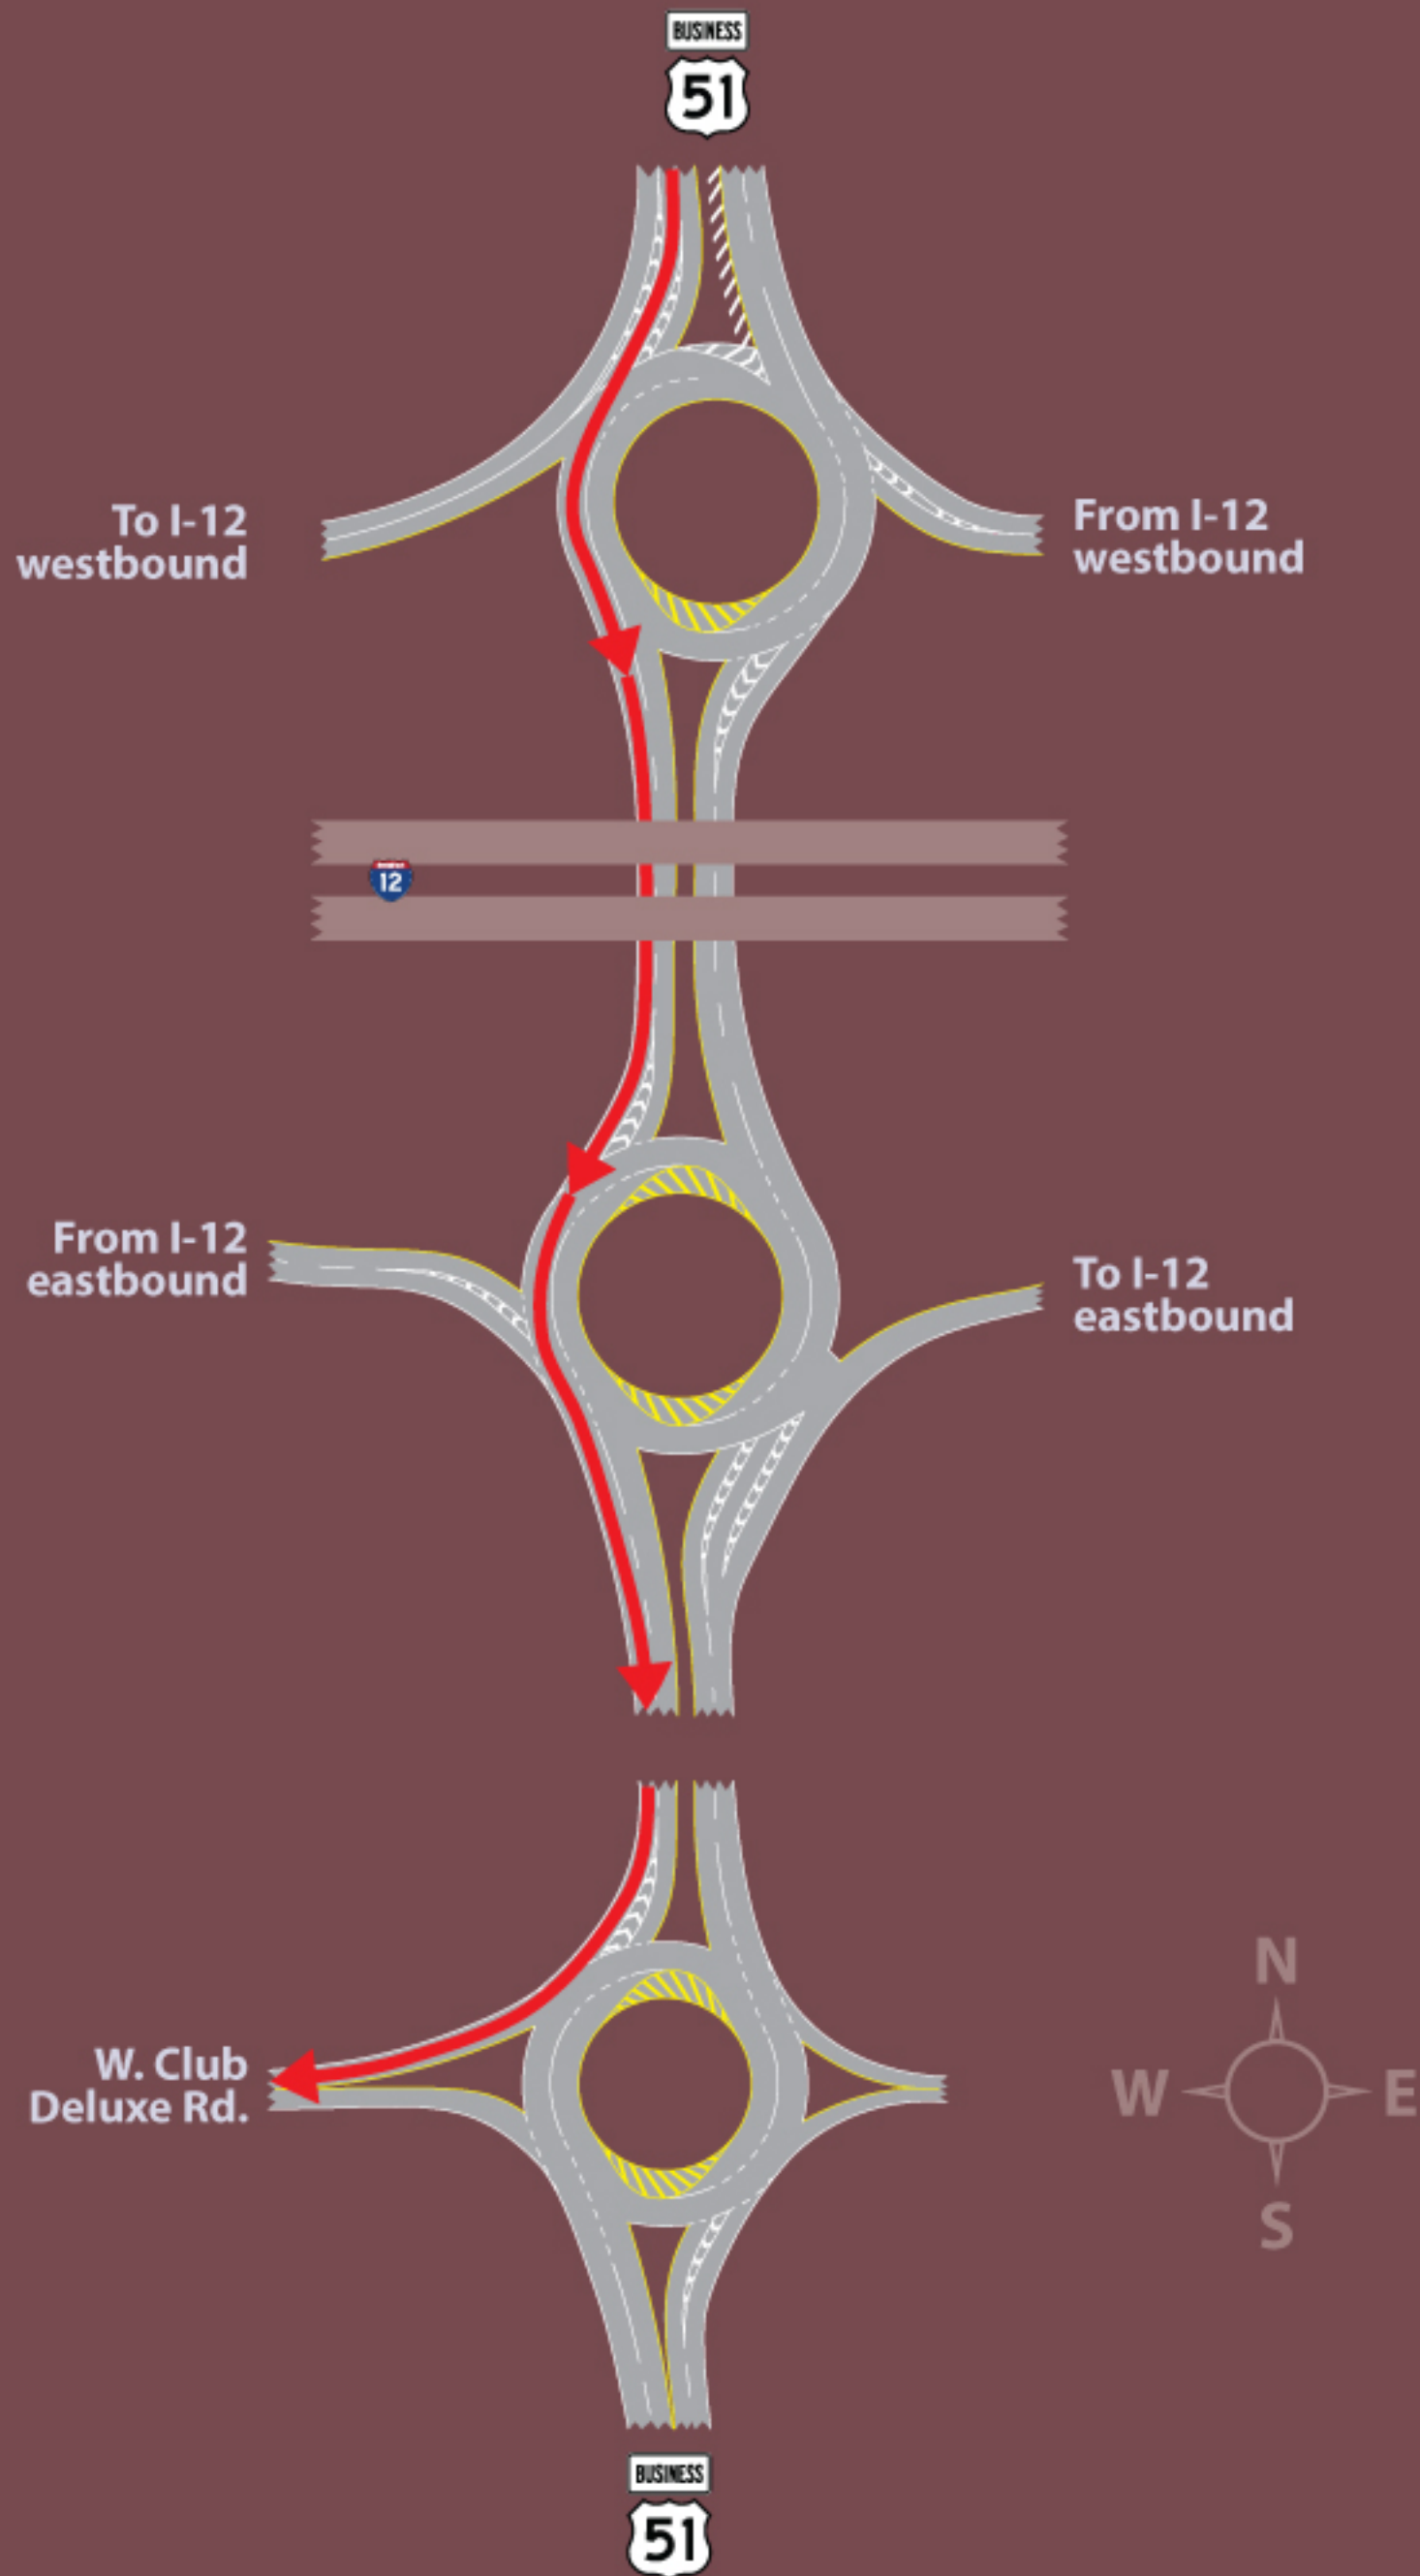

Notes about roundabouts:

- Know your route before entering the roundabout.
- Before entering the roundabout (at the yield location), you do not have the right of way. There is a yield sign and you must yield to vehicles that are currently in the roundabout.
- Once you are past the yield sign and enter the roundabout, you have the right of way. (Please do not stop to let other vehicles onto the roundabout; stop only as needed.)
- If you plan to turn left or make a u-turn, you should be in the left lane before approaching/entering the roundabout.
- Right lanes for minor side road approaches are for right turns only. (Note: W. Club Deluxe approach has no right turn lane; therefore, the rightmost lane is for through, right turns, and left turns). On major approaches (such as US 51), right lanes are for through or right turns only (no lefts or u-turns are allowed from the right lanes).
- Adhere to all speed posting signs.

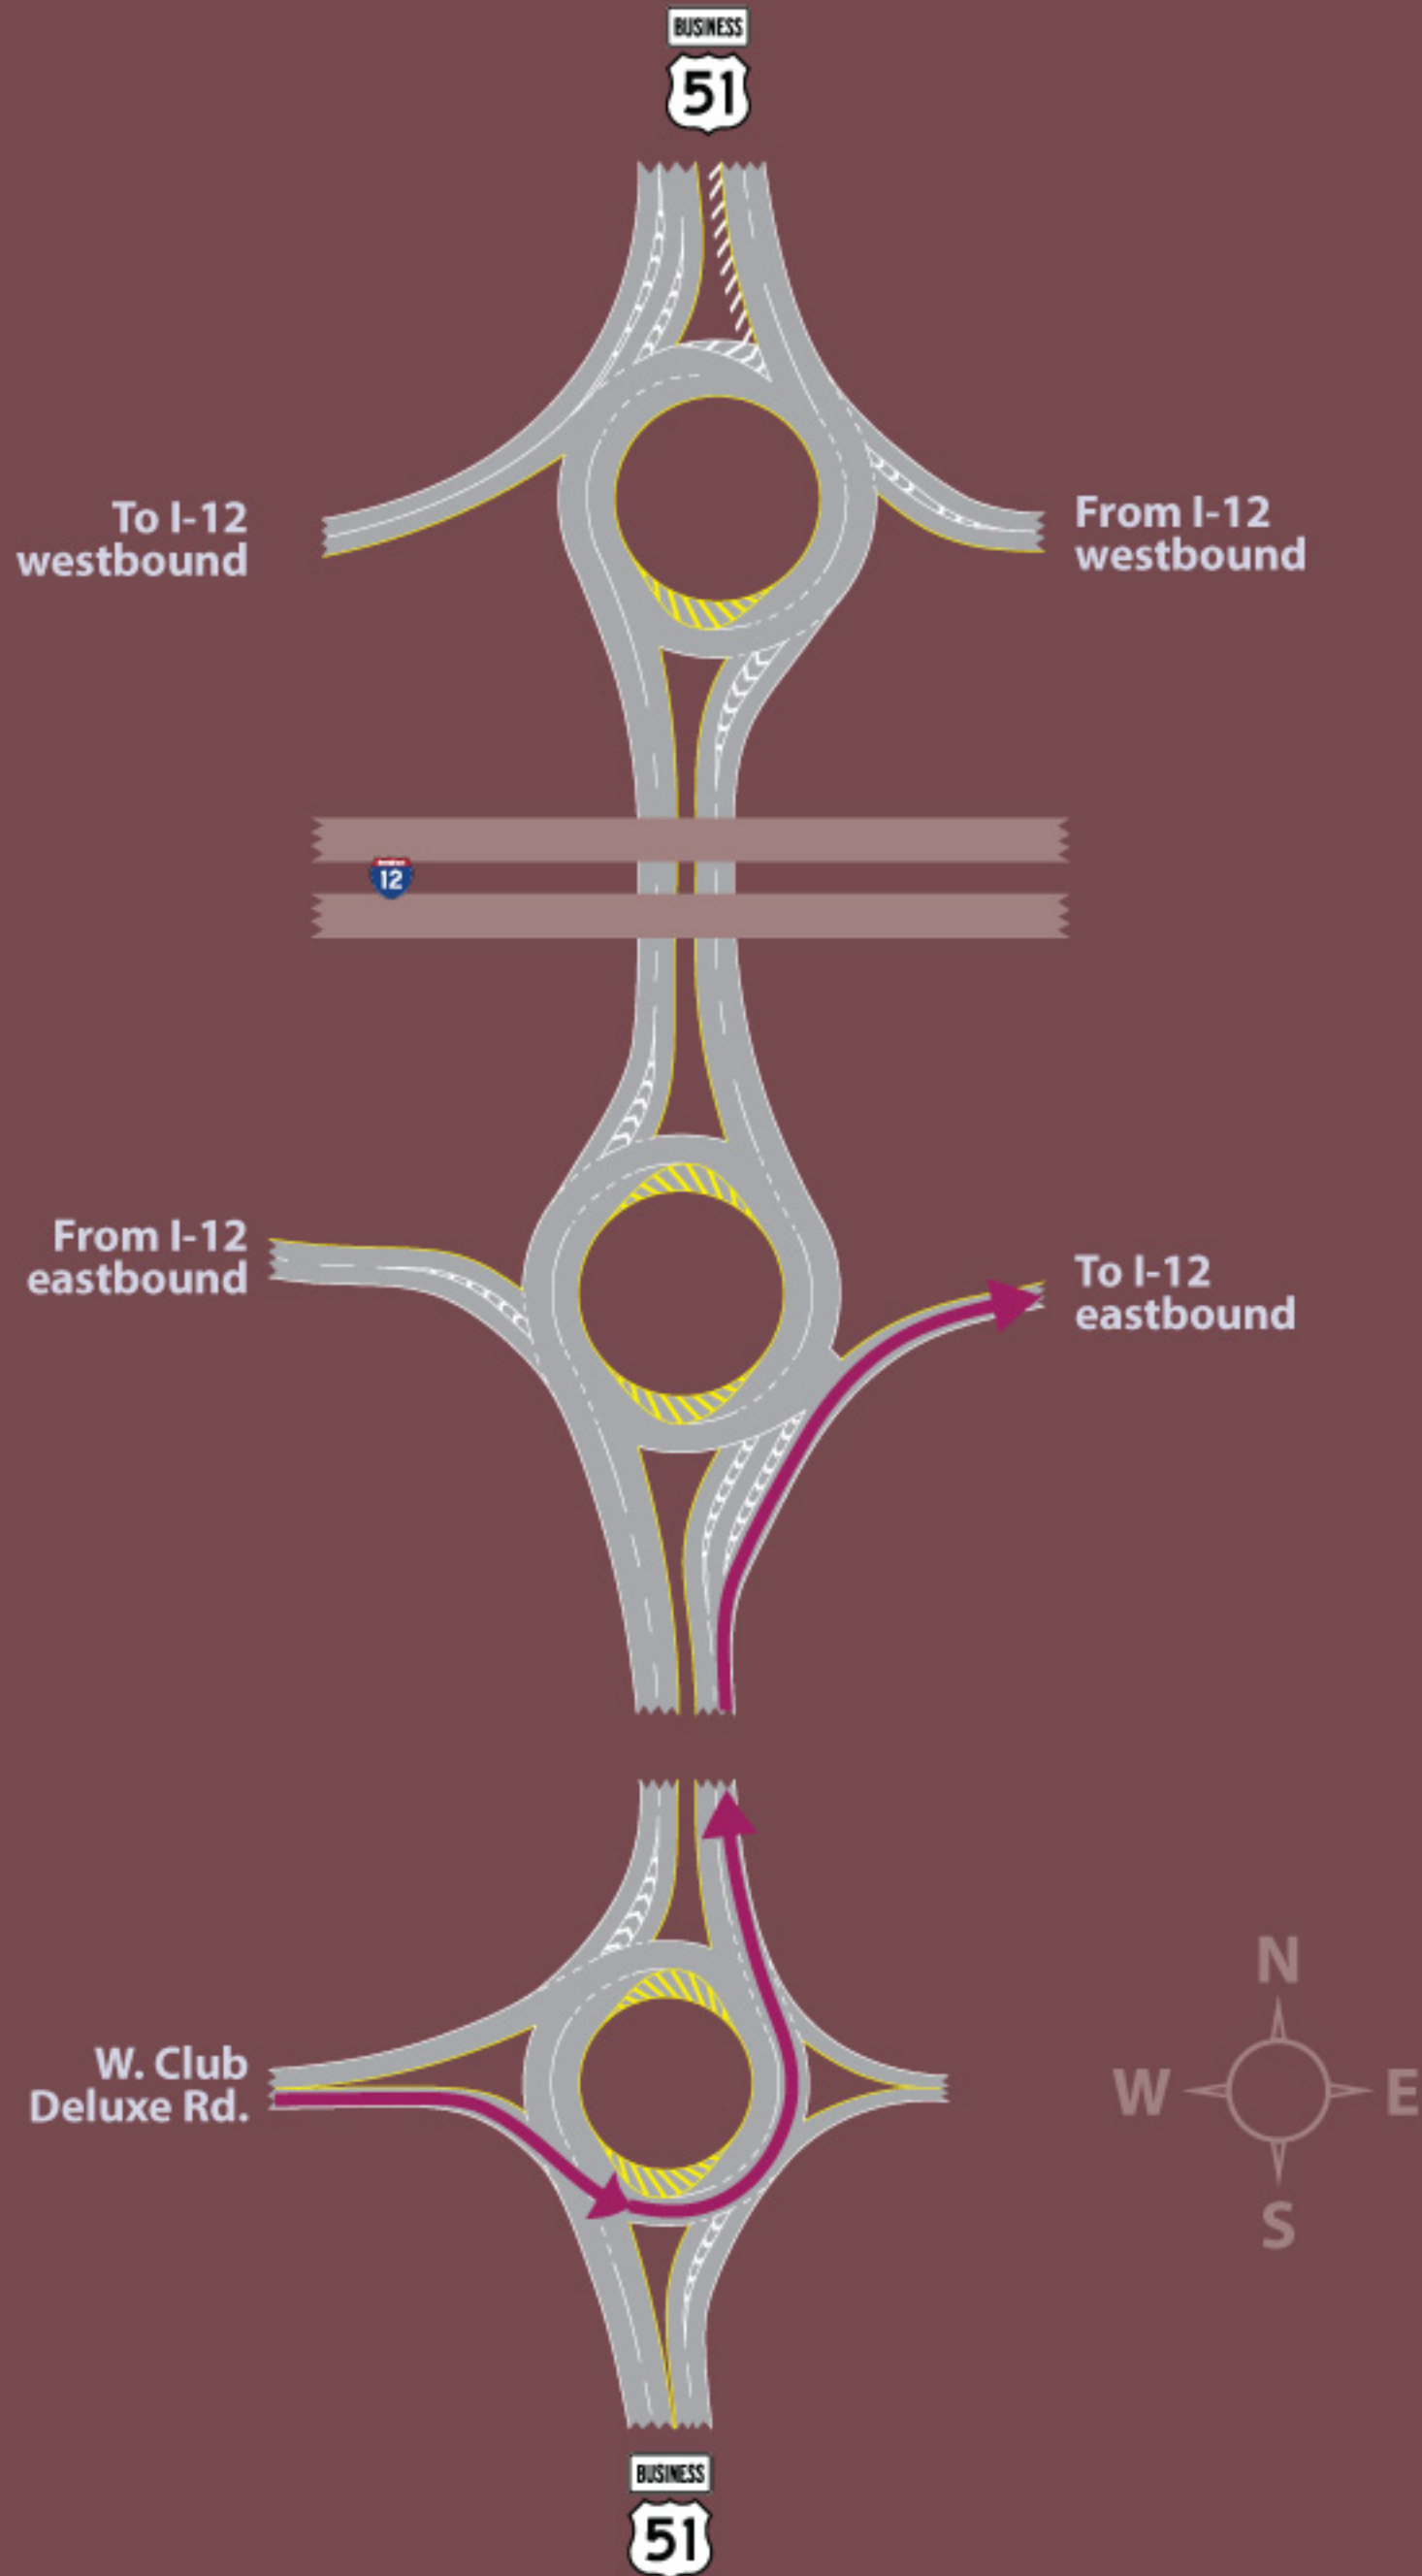

US 51B Roundabouts

Route from US 51 south to Club Deluxe Rd.

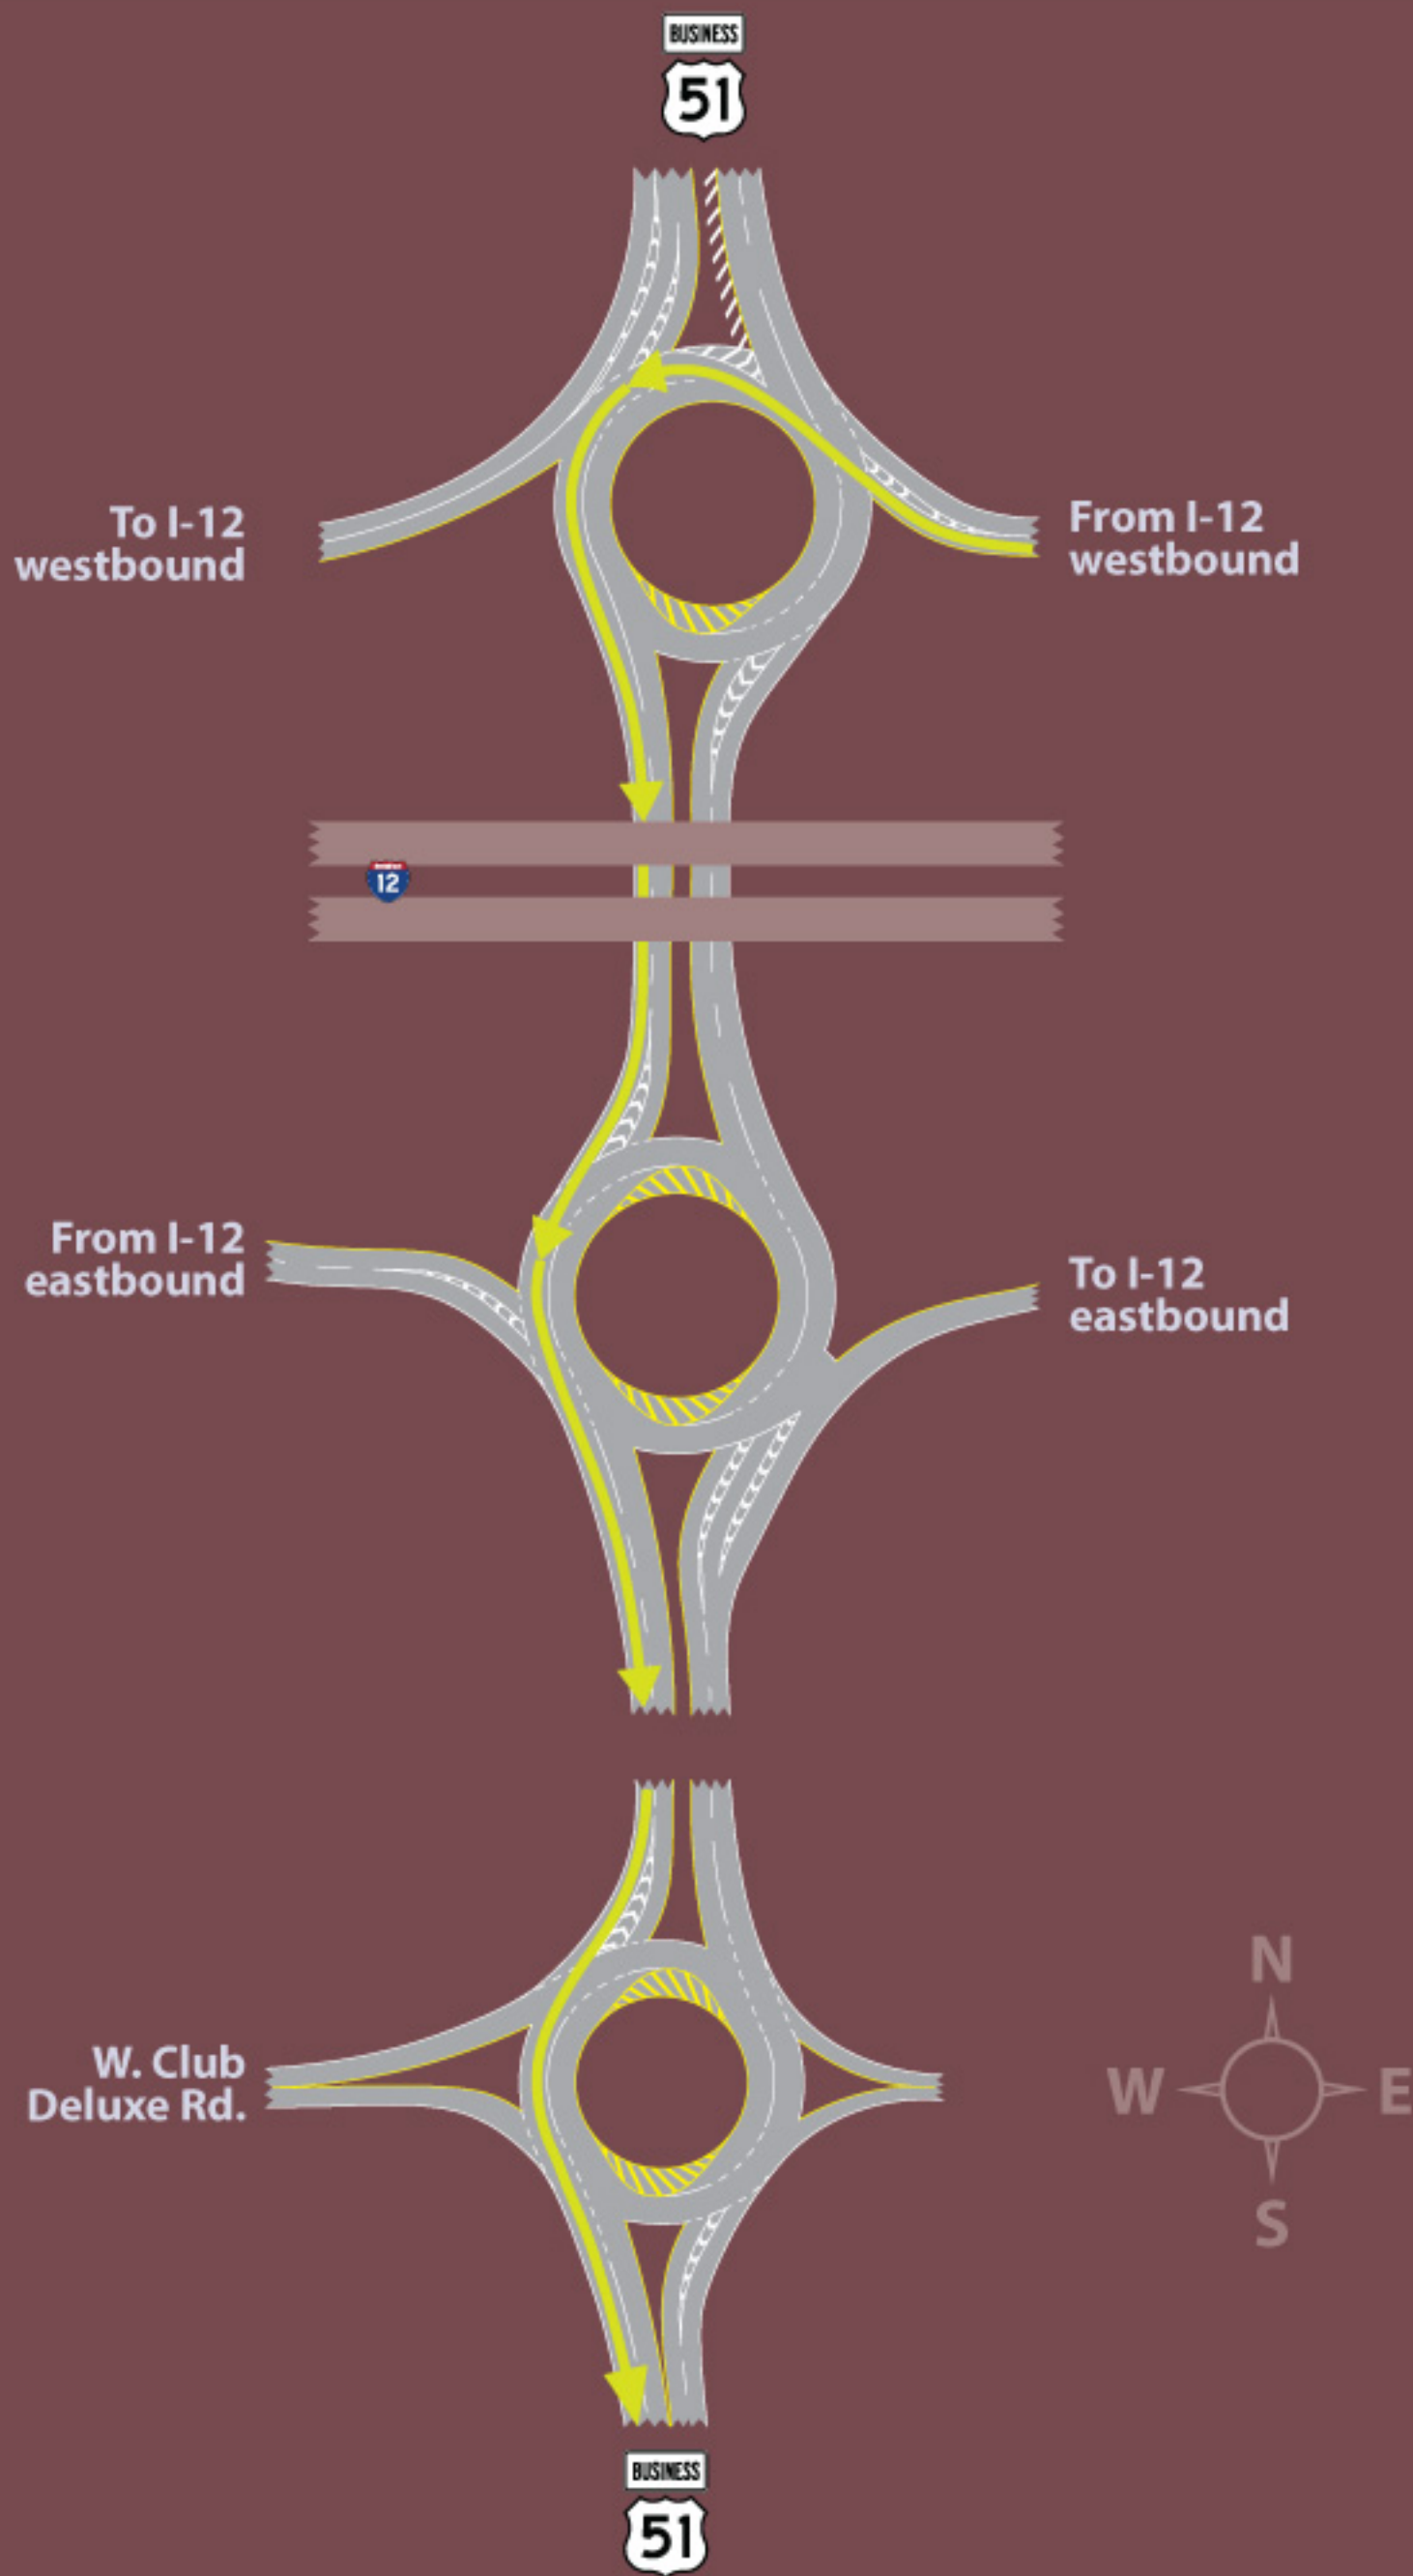

US 51B Roundabouts

Route from Club Deluxe Rd. to I-12 east

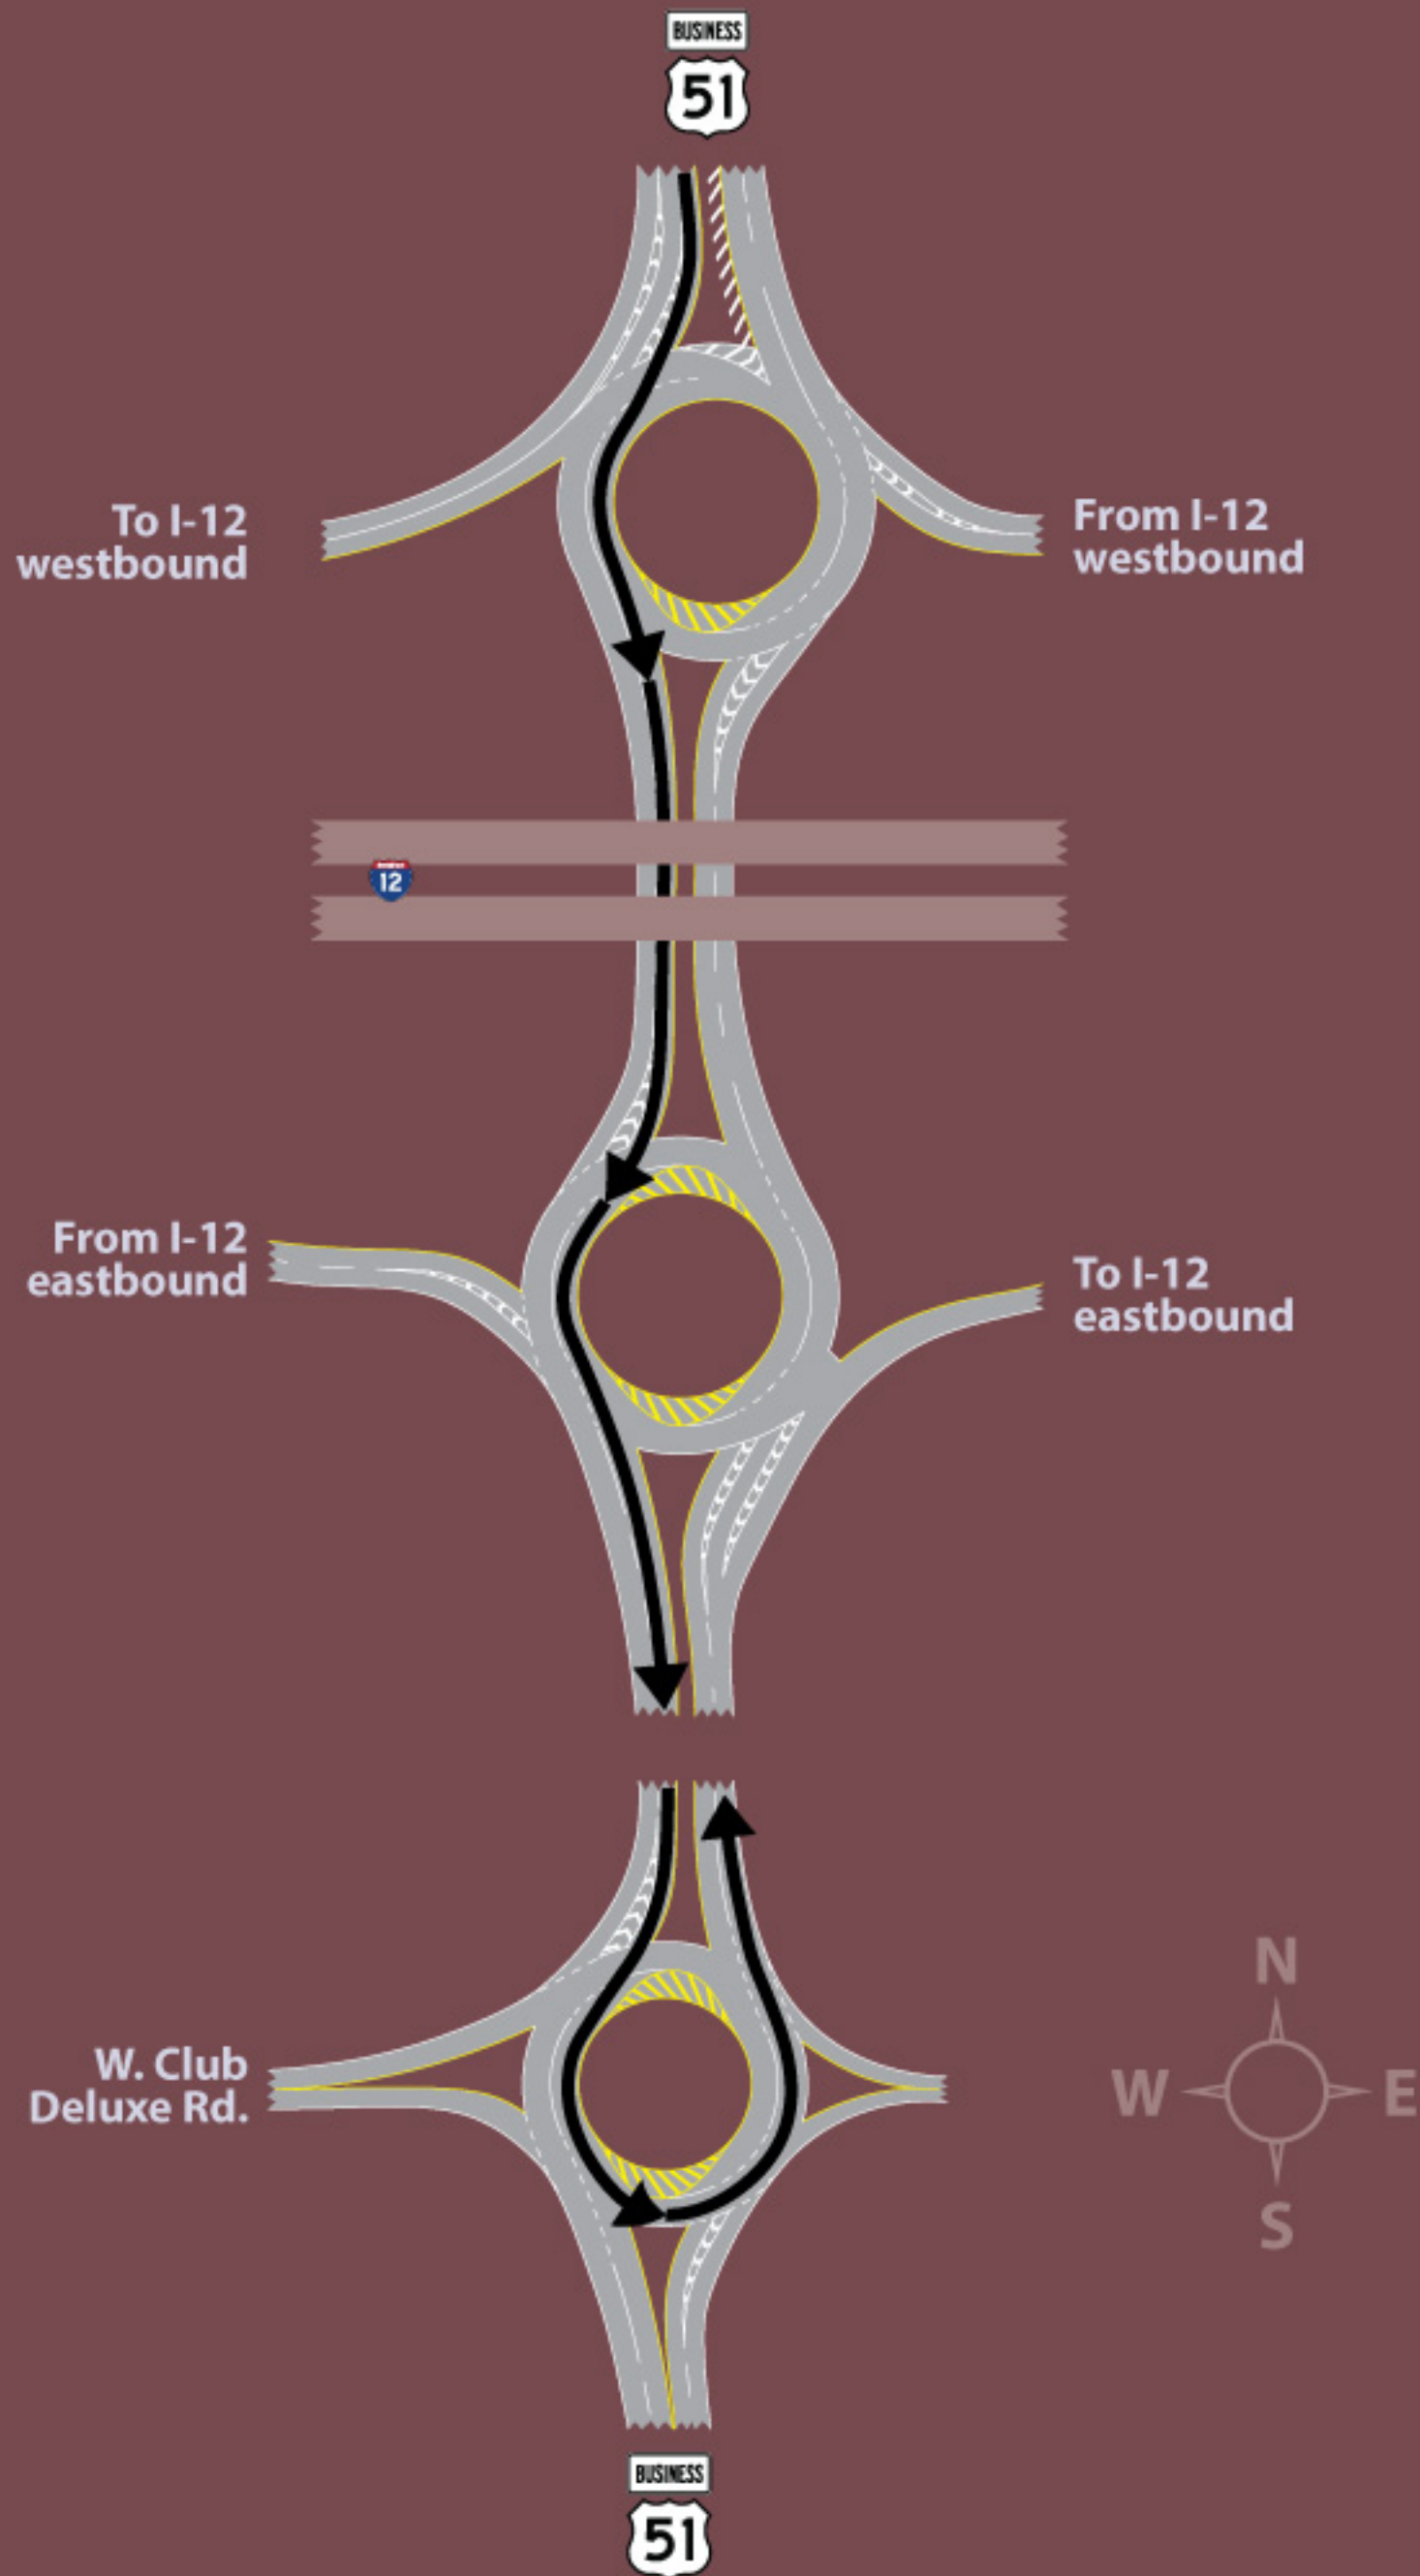

US 51B Roundabouts

Route from I-12 west to US 51 south

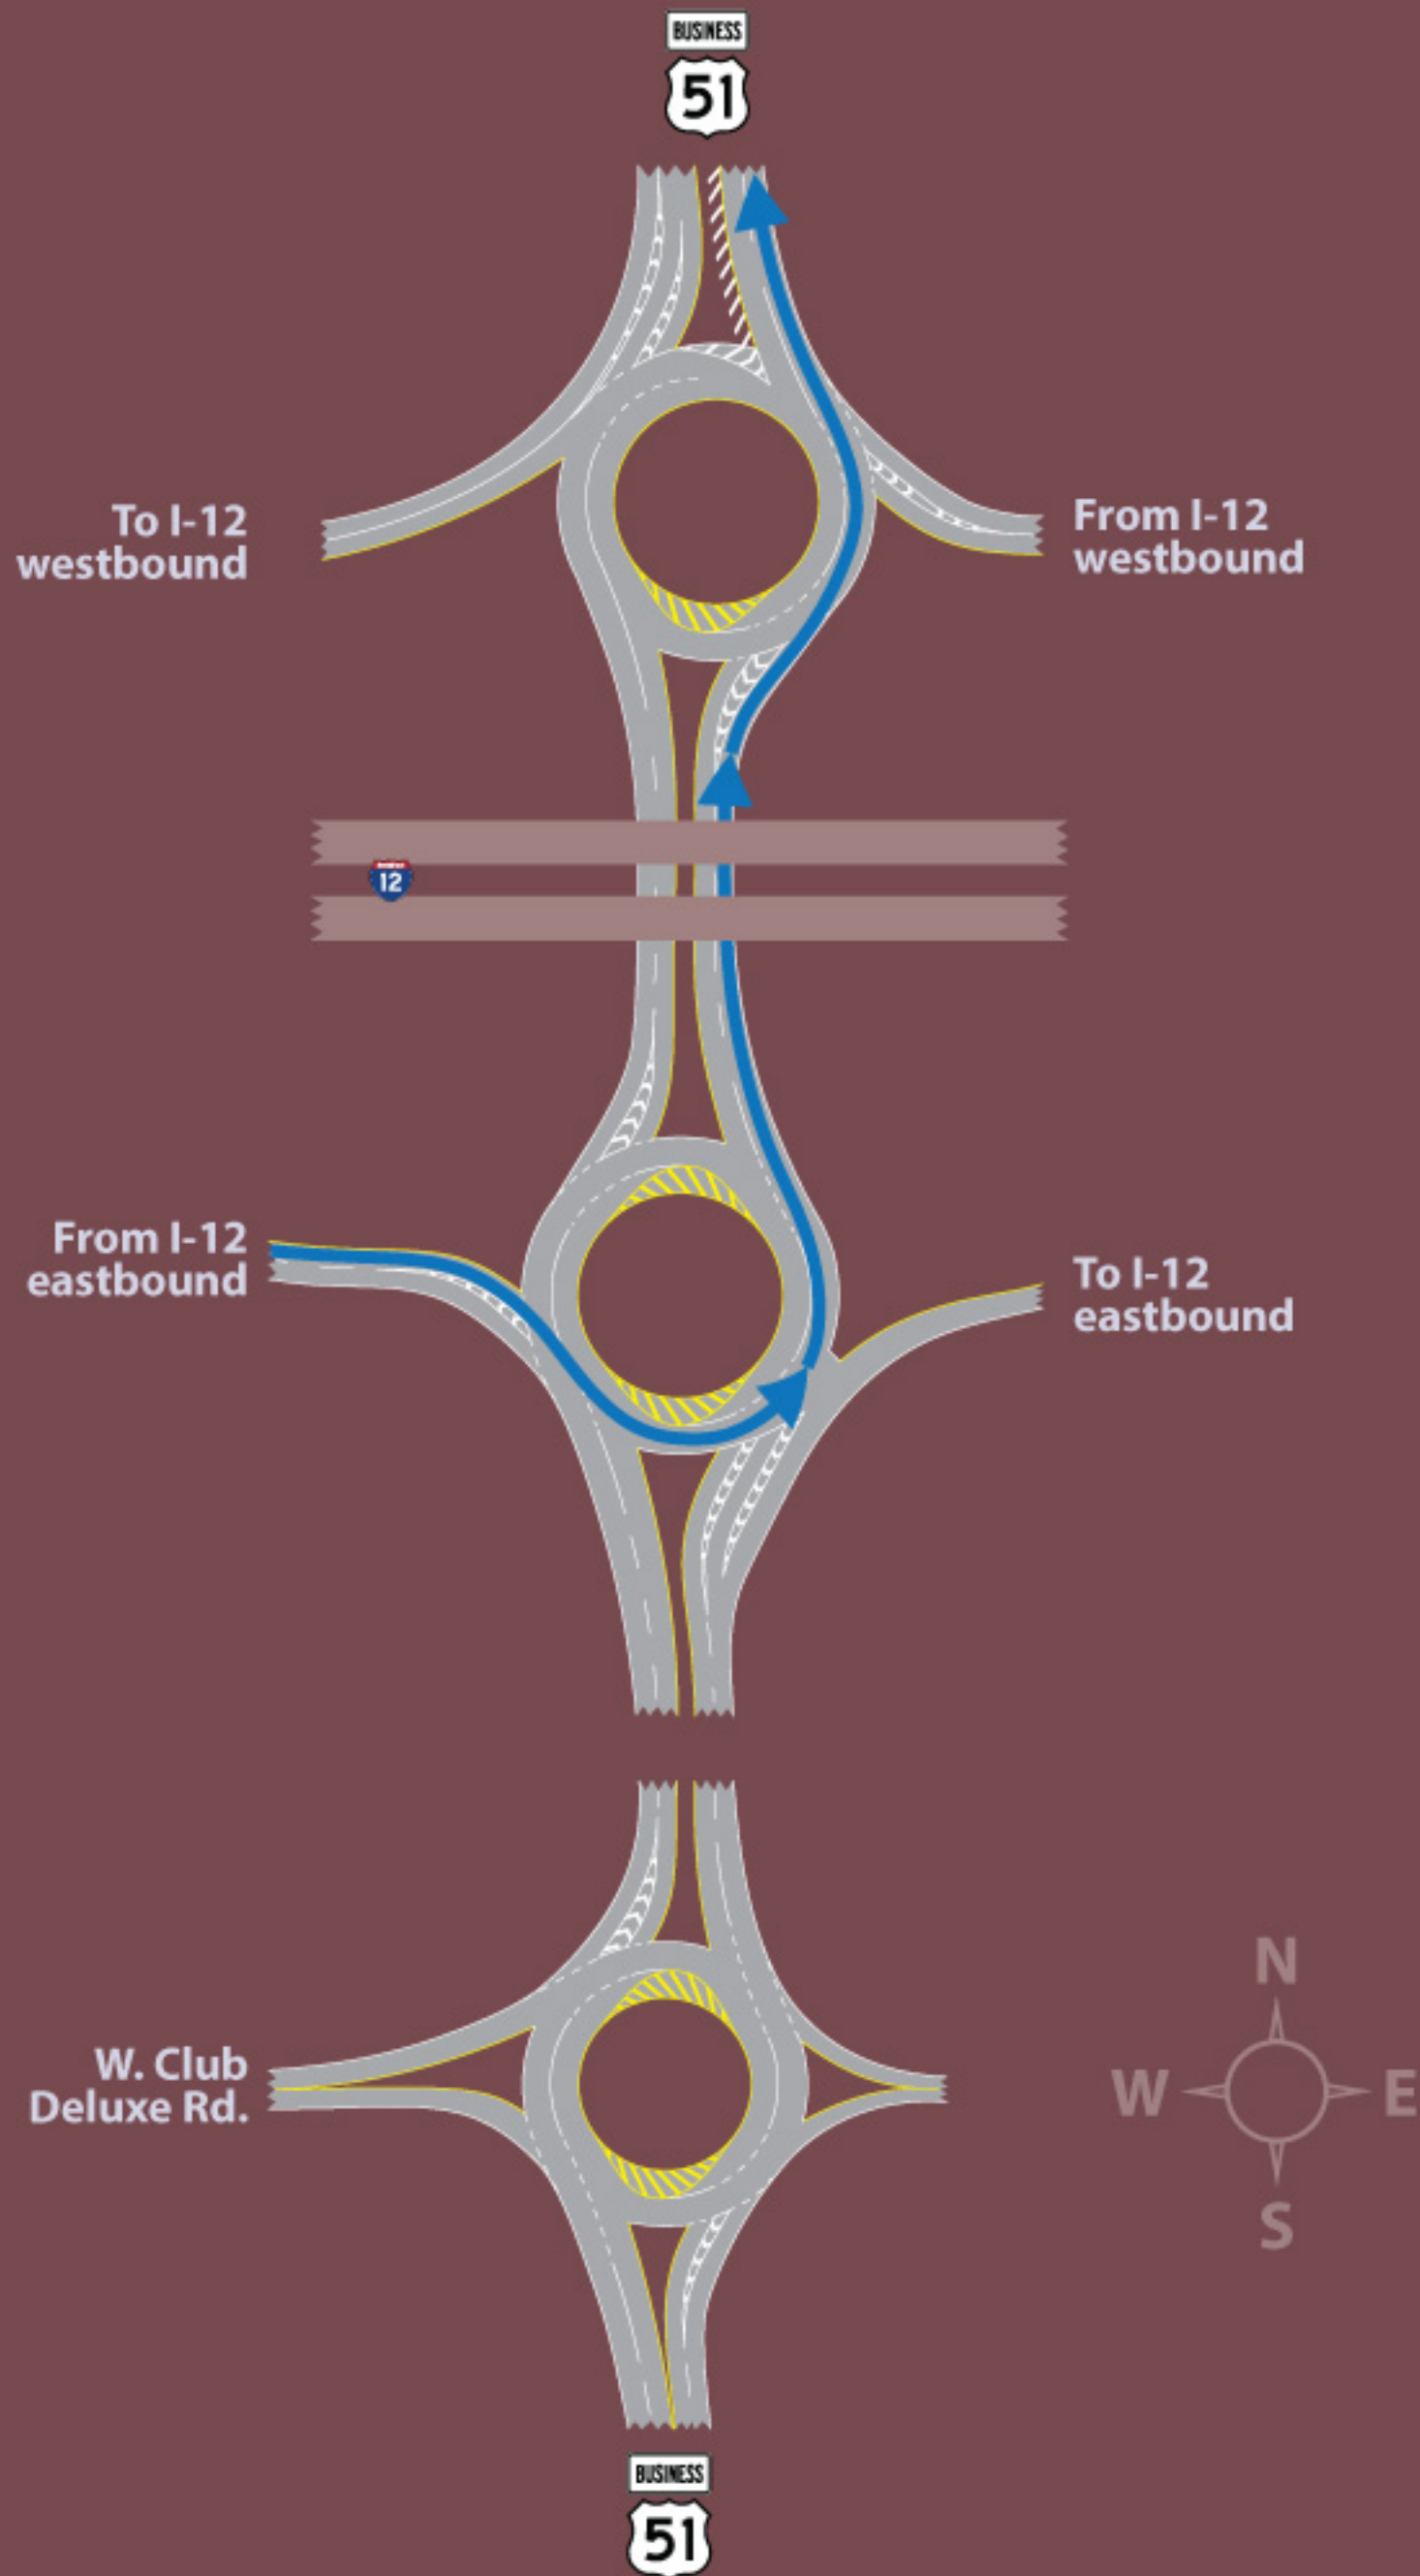

US 51B Roundabouts
